PROFILE

UX/UI Designer and Frontend Developer with a proven track record of bridging the gap between empathetic, user-centered design and scalable technical execution using React.js and Flutter.

SKILLS

Development : HTML, CSS, JavaScript, React.js, Flutter, Python, Java, C#, PostgreSQL, Firebase, Bootstrap

Design : Figma, Adobe CC, UI/UX Design, User Research, Prototyping

Tools & Methodologies : Git, GitHub, REST APIs, Agile & PM

EXPERIENCE

Upwork

Dec. 2024 – Present

UX/UI Designer (Freelance)

Remote

- Designed 10+ user-centered digital experiences for diverse client projects.
- Conducted user interviews and translated research into intuitive architectures.
- Developed high-fidelity, interactive Figma prototypes to refine design solutions and align with stakeholder business goals.

National Telecommunication Institute (NTI)

Jul. 2025 – Sep. 2025

Frontend Developer Intern

Alexandria, Egypt

- Designed and developed 10+ user-friendly websites with cross-browser compatibility.
- Applied usability testing and iterative feedback to improve functionality.
- Developed and deployed fully interactive frontend applications using React.js, JavaScript, and DOM manipulation, ensuring cross-browser compatibility and live web accessibility.

Digital Egypt Pioneers Initiative (DEPI)

Oct. 2024 – May 2025

UX/UI Designer Intern

Remote

- Designed 5+ mobile and web UIs, wireframes, prototypes, and high-fidelity designs.
- Conducted user research and usability tests to enhance product experience.
- Collaborated with developers to ensure design-to-development consistency.

Route Academy

Oct. 2024 – May 2025

Mobile App Developer Intern

Alexandria, Egypt

- Architected and deployed 5+ cross-platform Flutter applications to live environments, implementing secure REST API integrations and scalable state management.
- Applied clean architecture practices for scalable app development.

PROJECTS

Automated Pharmacy Management System (APMS) | Flutter, Node.js, PostgreSQL

- Engineered an enterprise-grade healthcare system integrating a robotic dispensing arm and an AI chatbot.
- Designed the user experience specifically around a medical context, ensuring high usability, security, and efficiency for pharmacy operations and targeted patient interactions.

Taskly Task Management App | Figma

- Designed a productivity-focused app with user flows, wireframes, and high-fidelity prototypes.
- Delivered intuitive navigation and clean UI for task organization.

IEEE PUA SB Official Website | *Flutter, Firebase*

- Designed and co-developed the official IEEE PUA Student Branch website with event and project management.
- Built an admin dashboard with CRUD functionality and deployed for production use.

Roshetty | *Flutter, Firebase*

- Developed a patient-facing mobile application to seamlessly scan and process medical prescriptions.
- Focused on a highly accessible, user-centric interface to ensure ease of use for diverse patient demographics.

EDUCATION

Pharos University	Oct. 2022 – Jun. 2026
<i>Bachelor of Science in Computer Science and Artificial Intelligence</i>	Alexandria, Egypt
• GPA: 3.74 • Coursework: Software Engineering, Web Programming, Database Systems, AI, ML, Data Structures, Algorithms	

CERTIFICATIONS

- **Web Development Fundamentals** – Sprints (Jun. 2025)
- **UI/UX Design** – DEPI (Jun. 2025)
- **Freelance Training Program Certificate** – ITIDA (Jun. 2025)
- **Introduction to Android Development** – Coursera (Dec. 2024)

LEADERSHIP & EXTRACURRICULARS

IEEE-PUA SB	Feb. 2025 – Feb. 2026
<i>Vice Head of Web Development Committee</i>	
• Designed and developed the official IEEE-PUA website. • Assigned tasks and managed team deliverables. • Collaborated across committees to strengthen the branch.	
Dream Team	Nov. 2024 – Present
<i>Head Graphic Designer</i>	
• Created branding and event visuals. • Managed design team workflow and timelines.
